

Robert D. Lloyd

San Antonio, TX

Phone: (210)-744-0224

Email: Lloyd.dustin@gmail.com

Objective

Passionate self-learner seeking employment in IT to further expand my knowledge and bridge the gap between front and backend development.

Work Experience

- **The Collectors Showcase** (July 2010 – November 2010)
Created box art and promotional graphics, cleaned up artwork, and created 3d models for 3D printing via injection molding.
- **Lisa Marie Roberts Photography** (January 2013 -- January 2014)
Shot weddings and quinceaneras, ran the photo-booth, did photo and video editing as well as build the presentations for clients.
- **Flash Me Photography** (May 2013 – Present)
Photo editing and Photoshop lessons and taught at photography and Photoshop workshops with 20-30 attendants.
- **Freelance Graphic/Editing/Design** (January 2009 – Present)
Provided 2D and 3D graphic work (brochures, pamphlets, logos, banners, etc.), photo and video editing, web design and management for various clients.

Technical Experience

- Proficient in RedHat, CentOS, and Ubuntu Operating Systems.
- Installation and configuration of full LAMP stack and use of other servers and databases such as Nginx and MongoDB. Experience with
- Strong understanding of many software packages including Microsoft Office, the Adobe Suite, and 3D and compositing applications such as Autodesk Maya, 3DS MAX, ZBrush, After Effects, and Nuke.
- Linux+, Network+, and Cloud U certified

Hobbies

- Learning new software, making scenes and 3D models and applying them to game engines, preparing them to be printed, and making a still or video composites
- Plays the mandolin, enjoys competitive gaming with friends, and enjoys a fresh IPA or Belgian.
